The Children

The centres currently supports 26 children. On hearing the stories it is a wonder that they still have the spirit and positive outlook that they have. They know however that education is the key to their future and they all are working extremely hard

at school to make sure that they succeed. The New Day Children's Centre not only supports them with their education, clothing and

food but also offers them a place to come together, share experiences and be a part of a community. Details of the children we support can be found on our website.

Links with Ryton Comprehensive School

Ryton Comprehensive School continues to develop links with Ethiopia. Each year students from our school travel to Ethiopia for three weeks. During our visits we aim to develop the New Day Children's Centre further, helping support more children giving them a brighter future.

The New Day Children's Centre

Supporting Education for Children in Ethiopia

Registered charity—1117381

The New Day Children's Centre

In July 2006, with help from Ryton Comprehensive School, the first New Day Children's Centre was opened in Bahir Dar, a town in the North West of Ethiopia. In August 2007 a second centre was opened.

The aim of the centres is to provide support for children who come from extremely difficult backgrounds helping them with their education and enabling them to cope with the challenges they face each day.

The centres open each day at 8:30. Schools in Bahir Dar operate a shift system whereby students attend school for half a day. When the children are not at school they attend their centre.

Throughout the week children are given additional tuition in English, maths and science as well as being given time read and practise their English. They also help take care of the centre by cleaning and working in the garden.

Each day they receive two cooked meals and they are given the opportunity the wash their clothes and themselves, go on walks, play games and get

Mealtime: The children have two meals a day at the centre

Muluken teaching the children in the classroom

involved in activities such as drama, poetry reading and singing.

The centre also covers the cost of each child's school uniform, stationery and school registration fee.

The centres employ staff from the local community and we also support them with their education if they are attending evening school.
